# ABOUT THE SCHOOL OF ALBERTA BALLET

Summer programming at the School of Alberta Ballet is a great way to introduce your child to dance, develop emerging skills, or intensively train during the summer season – all while having fun!

The experienced faculty of the Open Division and guest teachers focus on developing strength, technique and artistry in their students, providing everyone – from those who dance once a week to those completing advanced levels – with a dedicated program specific to their needs.

Each of our summer programs include live accompaniment and students will learn and rehearse choreography to perform in an informal demonstration for family and friends on the final day of the program.
